

## **Policy note EU Survey for an Erasmus+ exchange**

Students and staff participating in an Erasmus+ exchange are required to submit a participant report via the online EUSurvey tool.

Participants who fail to complete and submit the online participant report will be required to partially or fully reimburse the received financial support.

Participants will be invited via email to complete the survey at a certain stage of their exchange. They have up to 30 days from the receipt of this survey to complete it. Should the participant not complete it by the deadline, the remaining amount will not be paid out.
