VUB SCIENCES & BIOENGINEERING SCIENCES

Ruud HOLTMARK

Date of Birth: 1 January 1998
Place of Birth: Brussels (Belgium)
Student Number: 050007

Master of Science in Molecular Biology

TRANSCRIPT OF RECORDS

Academic year 2023-2024
Deliberation Date: 15 September 2024
2nd session

Examination Board
Chairman: prof. Luc Morren, Ph.D.
Secretary: prof. Frans Janssens, Ph.D.

Proclamation code Threshold *
- obtained
- not obtained
- still to be reached
- obtained with exception

Study progress monitoring

Threshold (Flemish government): Still to be reached

Meaning of proclamation code threshold

Please note! You have not obtained a credit certificate or a tolerated fail for all programme units taken up following your initial enrolment. At the second enrolment in a subsequent academic year in the same programme a binding condition will be imposed on you. If you re-enrol for the same programme, you must obtain a credit certificate or tolerated fail for all programme units taken up following the initial enrolment. Should you fail to comply with this binding condition, the first following re-enrolment for the same programme will be refused. This is applicable to all Flemish universities.
For more information go to www.vub.be/en/threshold-system.

Study progress (VUB): Binding conditions (3)

Meaning of proclamation code study progress

Please note! You did not obtain a credit certificate or tolerated fail for the programme units for which you already enrolled twice. At the first following re-enrolment for the same programme a binding condition will be imposed on you. you must obtain a credit or tolerated fail for the programme units in question. You may be laced under mandatory study guidance. Should you not meet this binding condition, the first following re-enrolment in the same programme will be refused.
For more information go to https://www.vub.be/en/studying-vub/practical-info-for-students/study-guidance/study-path/study-progress.

Proclamation code Study progress **
- passed
- continuation of the study program***
- postponed to 2nd exam period ****
- failed
- binding conditions 1
- binding conditions 3
- re-enrolment not allowed 1
- re-enrolment not allowed 3
- re-enrolment not allowed 4
- re-enrolment not allowed 5

If you are of the opinion that your rights have been infringed by a particular study progress decision, you may lodge an appeal within a period of seven calendar days (expiry period) following the day of the electronic communication of examination results, or for other appeals the day after announcement of the decision. In order for an appeal to be admissible, it must be filed in the form of a signed and dated application submitted by registered letter to the appeals body, attn. the Chairman, Education and Student Affairs – C2, Pleinlaan 2, 1050 Brussels. The internal appeal procedure can be found in article 153 of the teaching and examinations regulations, see vub.be (https://www.vub.be/en/studying-vub/practical-info-for-students/give-us-your-feedback/lodge-appeal).

* Only applicable for students in the threshold system (https://www.vub.be/en/studying-vub/practical-info-for-students/study-guidance/study-path/threshold-system#paragraph--id--305432).
** The meaning of the different proclamation codes can be found on https://www.vub.be/en/studying-vub/practical-info-for-students/exams-and-deliberations/my-exam-results#paragraph--id--71177.
*** Continuation of study program = next year you resume all course units you have failed (less than 10/20) the year before.
**** Postponed to 2nd exam period = you can retake the exams you failed (less than 10/20) in the second exam period.

Academic year 2023-2024
Deliberation Date: 15 September 2024
2nd session

Master of Science in Molecular Biology

Examination Board
Chairman: prof. Luc Morren, Ph.D.
Secretary: prof. Frans Janssens, Ph.D.

Result:
- score
- absent *
- legitimately absent *
- exemption
- tolerated fail (8/20, 9/20)
- pass / no pass

Examination result

Academic Year	Course Unit	ECTS-Credits	Result
2023-2024	Analytical Biochemistry	3	7/20
2023-2024	Bioinformatics and Omics	5	14/20
2023-2024	Cell Biology and Cell Signaling	6	6/20
2023-2024	Genetics and Genetic Engineering	5	5/20
2023-2024	High Throughput Techniques	5	14/20
2023-2024	Immunology	5	4/20
2023-2024	Molecular Microbiology	3	Absent
2023-2024	Molecular Parasitology	3	8/20 Tolerated fail
2023-2024	Molecular Pharmacology	3	5/20
2023-2024	Plant Molecular Biology	5	7/20
2023-2024	Protein Structure and Function	5	12/20
2023-2024	Research rotation	12	6/20

The Weigthed Average is calculated by multiplying the credits of each course with the result you scored for the course. Then you add these for each of your courses. The Grade Point Average will not be mentioned when an Absent, Legitimately absent or No pass is given for one or more course unit(s).

Weighted Average: xx %

If you have any questions concerning:

- your study results: please contact your professors and assistants
- your study program, study progress or study approach: please contact Study guidance

General information is also available at the student portal: https://wearestudent.vub.be

If you are of the opinion that your rights have been infringed by a particular study progress decision, you may lodge an appeal within a period of seven calendar days (expiry period) following the day of the electronic communication of examination results, or for other appeals the day after announcement of the decision. In order for an appeal to be admissible, it must be filed in the form of a signed and dated application submitted by registered letter to the appeals body, attn. the Chairman, Education and Student Affairs – C2, Pleinlaan 2, 1050 Brussels. Legend:

ECTS = European Credit Transfer System
CGI = Failed combined enrolment
TC = Transfer Credits
INSCH = Enrolled

* When you did not participate in the evaluation, your result will be Absent. When you were however absent and you submitted attestation for your absence then your result will be Legitimately absent.
